- **LARGE FORMAT ROLLS** 10m<sup>2</sup> or 20m<sup>2</sup> are available on request. Laying equipment for large format rolls is available to hire.

*All measurements are approximate and taken when harvested.*

## ■ GROWTH

Jubilee Premium Turf is grown for approximately 12 months and is produced without plastic netting. The inclusion of the decade's most significant progress in perennial ryegrass breeding, Tetraploid Ryegrass brings new levels of stress resistance as well as excellent summer and winter greenness. The seed cultivars used are independently selected to provide the best quality sward. This results in a unique blend that produces a finer leaved luxurious but hardwearing lawn. Turfonline Jubilee Turf will have been treated for weeds and will contain mature grass plants, root fibre and enough soil to maintain the plant during establishment. Each roll should be strong enough to support its own weight when lifted at one end.

- **TYPICAL SEED MIXTURE\*** Perennial Ryegrass  
Slender Creeping Red Fescue  
Strong Creeping Red Fescue  
Chewing's Fescue
- **SOIL CLASSIFICATION** Grown on free draining DEFRA classified grade 1 mineral sand or organic loams.
